## **BASIC ADJUSTMENTS**

PRICE 19,99 ca\$\*

EXPLANATIONS\*  
Speeds adjustment by playing with adjuster barrels  
Brakes adjustment by playing with adjuster barrels  
Put oil onto the chain to lubricate  
Pump the tires up  
Overview of the general state of the bicycle  
Fast positioning (Pseudo positioning)

\* Attention!, Lots of competitors are using the term "Tune-up" for this package level. This practice is a marketing strategy, to bring you in their shop. Bicycles can't be declared "tuned up" or secure" with this level of work ! You will notice that there are always extra charges after the bike is looked at. At the bottom line, our "ESSENTIAL SECURITY" offering will always result in a lower invoice.
